This is the first office action for application number 10/041,982, Display Device, filed on January 10, 2002. This application is a reissue application of U.s. Patent No. 6,220,555 issued April 24, 2001.

Supplemental Reissue Oath/Declaration

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

Claim Objections

Claim 6 is objected to because of the following informality: in claim 6, line 17, "hinge" should be changed to --hinges--. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 9 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 9 recites the limitations "the display panel" in lines 3 and 5 and "the rear legs" in line 9. There is insufficient antecedent basis for this limitation in the claim. The original recitations were drawn to "a display section" as cited in claim 1, line 3 and "a rear leg" as cited in claim 9, line 5.

Claim 16 recites the limitation "the rear legs" in line 3. There is insufficient antecedent basis for this limitation in the claim. The original recitation was drawn to "a rear leg" as cited in claim 24.

Allowable Subject Matter

Claims 1-8 and 10-15 are allowed.

Claims 9 and 16 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: the primary reason for indicating allowable subject matter of the claims in this case, is the limitation of "a base panel along the bottom edge having two slots extending from the base panel to the display section," included in all the independent claims and in combination with the other elements recited in the respective claims, which is not found in the prior art of record.
